Per fess indented sable, estoilly argent,
and argent, in base a laurel wreath sable.

History of the Barony of Winter's Gate

This assemblage of information is to help remember those who have built or shaped, in small ways and great, the people and accomplishments of the Shire,

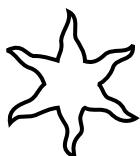

Province, and Barony of Winter's Gate, on the 40th anniversary of the establishment of the Barony.

Many people have started here and moved on to do great things in other places, and many have started elsewhere and brought their talents here.

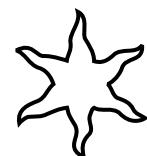

The SCA has progressed also, in that 30-40 years ago the individuals were writing and researching original sources and sharing in newsletters; and that continues, but so much is readily available on the 'net, information and goods like materials, garb and accessories to facilitate new and established folk in the SCA.

I hope to inspire conversation, anecdotes, and recollections.

Following is the Baronial successions and Branch/Sub-Banches, the Officers of the Branches over the years, and Major Awards and then an incomplete list of the Populace that resided, however long or briefly, in Winter's Gate.

In Service,
Baron Khevron Oktavii Tikhikovich Vorotnikov
February, A.S. LVIII (2024)

P.S. Please send me corrections/additions of people I did not name or details I missed!
